AEROSPACE ED CORNER

Now is the time for every squadron Aerospace Education Officer (AEO) to start looking for events taking place this summer in their community! Once you find an event, call the organizer and offer your support. Perhaps your squadron could man a recruiting booth, or direct traffic!

NEWS ARTICLES: Your unit activities can be published many ways: within the Red Cloud News; send to NCR PAO for print in the NCR News and to the National Public Affairs Officer. If you check out www.ncr.cap.gov and go to the Newsletter, it is published once a month and you won't find any Nebraska articles. WHY NOT? Lets show everyone that we are **HERE** and **ACTIVE!** If you don't have a current public affairs officer, get a cadet active in writing to send in articles, with the help of a mentor. Let's get our members' names in print as they deserve the recognition.

CAPF 53: Lt. Col. Dennis Curtis is asking all unit commanders to return a copy of the CAPF 53 that he requested at the Wing Conference Professional Development Seminar. A copy is required from each unit to be kept on file at the headquarters. Please respond to this request NLT 1 July 2008.
